

Our Mission

The City of Streator's Incubator's mission is to help small business entrepreneurs expand while building clients and customers, ramping up marketing and other start-up costs. We welcome and offer guidance to young businesses along the path to success in a low-risk environment. The Incubator's goal is to meet economic and business developmental needs in the Streator area. We are dedicated to providing resources, tools, and space while empowering innovative businesses in our Incubator. We hope to empower innovative young businesses to much success where they will graduate with honors from the Incubator and move into permanent locations.
